(+1) ; D Kjkriiii Typeshala is good but you have to buy it. This is good app. I am also using typeshala. Nepali typing is ok but in english is very hard to learn i don't know why. so it's bad app. (+5) ; B Typeshala is good. Works good. But it was too costly for me. If you want to learn typing in some languages, don't regret it and buy it. (+7) ; B Typeshala is good. Totally good. Good Typing trainer for two language. I can suggest this. The pack cost too much but if you want to learn typing in two language use this. 1. Typeshala is the best software for learning typing. 2.. This is the best software to learn typing for kids. 3. However, this is the best for people who are already familiar with the computer. Typeshala is a very cool software. Although this is a very nice app to learn to type. The Typeshala is a good app for kids. But this is a bit costly. This is a good app for people who are familiar with computers. Typeshala is a good app, but since it is highly priced, which may not be wise on your part. Feb 6, 2020
